

6th Grade PowerPoint Assignment

Travel Agent- Visiting a City of Your Choice

Directions: You are to act as if you are a travel agent for this assignment. You are trying to convince an audience why they should visit a particular city that you have in mind. You do not have to pick any place that you have been before. All research can be done using the Internet in class.

You will need to follow the guidelines given on this assignment sheet to receive the points needed. The total assignment will be worth a total of 100 points. You may add any slides you would like, but make sure you have everything that is listed here.

Slide #1- Introduction

- Location
- Your Name

Slide #2- Destination

- Show a U.S. map
- Have an arrow pointing or a star showing where it is

Slide #3, #4, #5- Places to See

- Show pictures
- You can break this up anyway you wish
- Look at the example to see how this can be done

Slide #6- References

- List your websites used to find information (need at least 4)
- DO NOT list Wikipedia as one of them
- Google or any search engine is also not the source

Slide #10- Ending slide

- You may come up with a clever way to end this
- If nothing else- make sure you have “The End” clearly stated

EXTRA SLIDES (IF YOU HAVE TIME)

Weather

- Explain what the average temperature is like
- You may go to www.usclimatedata.com
 - Type in your city at the top
 - Look for “Weather Averages” on the right
 - You want the average high, low, & annual precipitation

Travel distance

- Find out how many miles away your destination is from Tuscola
- mapquest.com will give you a mileage if you click on the “Get directions” button
- Also tell us what route (Interstate) you would need to take

Lodging

- Tell your audience where you can stay (hotels)
- Give at least two options
- Use Expedia.com

Other slides can include: famous people from that place, food that is popular in that city, etc.

Minimum Requirements:

- 1) At least seven slides (more would be better)
- 2) Pictures or ClipArt on all slides (except ending slide)
- 3) Backgrounds of your choice on all slides (Intro slide must have a picture background)
- 4) Slide Transitions for each slide
- 5) At least two animations for pictures within the presentation
- 6) At least two animations for words
- 7) At least two sound effects in presentation
- 8) All words must be clear & easy to read
- 9) You must speak clearly while giving the presentation
